

**THANK YOU****FOR HELPING US FIGHT HUNGER IN AUSTRALIA IN 2017****FOOD INSECURITY IN AUSTRALIA**

Unfortunately 3.6 million Australians, or 15% of the population, have experienced uncertainty around where their next meal is coming from in the last 12 months – and they are not who you'd think. Almost half of food insecure Australians are employed and 40% of these households are families with dependant children.

By partnering with Foodbank you are helping to support a diverse range of over 2,600 front line charities, local community organisations and 1,750 schools from across the country.

65,000 Australians get turned away each week because there is not enough food.
